

**Carmel**  
EYECARE  
Your Vision Source

## **March 30 COVID-19 UPDATE**

**Following CDC Recommendations, we will not be performing routine eye care until April 13th. We sincerely apologize for any inconvenience. The health of our patients, their families, and our community remains our top priority.**

**We are still here to support you and your family!**

**In the event of an ocular emergency, please call the office at 317-843-2020 so that we may schedule an appointment either in-office or through a virtual consult.**

**If you need to order contact lenses, please visit [carmeleyecare.com](https://carmeleyecare.com) and follow the "Order Contacts" link. Upon ordering, you will receive a text with a secure link to view your invoice and pay. Most orders will be received within 3 business days. If you prefer, you may also order via email to [info@carmeleyecare.com](mailto:info@carmeleyecare.com).**

**If you have glasses or contact lenses that are ready to pick up, please use the "Appointments" tab to schedule a dispensing time. Dispensing by appointment, we can ensure that exposure between patients is minimized.**

**At this time, we will plan to continue with comprehensive eye exams beginning 4/13, with a slowed schedule to reduce the number of patients in the office at any given time. These appointments are available online. Over the next weeks, we will continue to adjust based on guidance from the CDC and the American Optometric Association.**

**Thank you for your support and your patience as we attempt to do our part to reduce the spread of COVID-19. If there is anything we can do for your family during this difficult time, please don't hesitate to reach out.**

**If you have any questions, or would prefer to schedule a time via email, reach us anytime at [info@carmeleyecare.com](mailto:info@carmeleyecare.com). Dr. Clark can be reached directly with any questions/concerns at [mclark@carmeleyecare.com](mailto:mclark@carmeleyecare.com).**
